BONALDO

La passione ci premia

Le idee Bonaldo hanno ottenuto numerosi riconoscimenti e premi, assegnati da enti e organizzazioni culturali, musei e associazioni di settore. I prodotti selezionati sia in Italia che all'estero si sono distinti per creatività, innovazione, ricerca di nuove soluzioni, sperimentazione di nuovi materiali e finiture. La collaborazione con numerosi designer - diversi per estrazione e cultura - e una tecnologia produttiva che offre l'eccellenza, puntualmente destano l'attenzione degli addetti ai lavori, e non solo. I relativi riconoscimenti sono una conferma del "fare bene", ma soprattutto rappresentano un invito a perseguire le linee guida che da sempre rappresentano la personalità Bonaldo: passione, ricerca, qualità.

Passion rewards us

Bonaldo's ideas have won numerous recognitions and awards from cultural agencies, organisations, museums and industry associations. The products selected both in Italy and abroad are unique in their creativity, innovation, research into new solutions and experimentation in new materials and finishes. Partnership with numerous designers from different backgrounds, cultures and production technology that offers excellence, regularly attract the attention of public and professionals alike. This recognition confirms Bonaldo's great work but, above all, is an invitation to follow the guidelines that have always reflected the company's personality; passion, research and quality.

Un'azienda con una storia alle spalle può vantare un patrimonio di conoscenze ed esperienze condivise, può avvalersi di uomini e donne che credono in un progetto e può affrontare con competenza il mercato contemporaneo. È dal 1936 che Bonaldo produce elementi d'arredo pensati in termini di funzionalità ed estetica, caratterizzati da design e qualità. Oggetti capaci di suscitare emozioni a prima vista, specchio di chi vive la casa in modo personale e dinamico. Bonaldo è da sempre espressione del Made in Italy e ciò fa apprezzare l'azienda in tutto il mondo. Perché, ovunque ci si trovi, ognuno vuole realizzare nella propria casa la grande bellezza di ogni giorno.

A company with a history behind it can boast a wealth of know-how and shared experiences; it can employ men and women who believe in a project and it can take on the challenge of the contemporary market with skill and expertise. Bonaldo has been producing furnishing elements designed with a focus on functionality and styling and marked by eye-catching design and superior quality, since 1936. These objects are devised to stir emotions at first glance, mirroring the home's inhabitants in a personal and dynamic fashion. Bonaldo has always been a flagship of furniture Made in Italy, making the brand popular all over the world. This is because, wherever one may be, each and every one of us wants to recreate great beauty in their home every day.

Un canyon tra una parete in lastre di vetro e un'altra monolitica, che ingloba e definisce lo spazio del patio. Lo showroom aziendale Bonaldo, di oltre 6000 mq, rappresenta una rivisitazione architettonica e creativa della storia aziendale, un profondo legame tra i luoghi della memoria e le prospettive future. La vecchia unità produttiva è stata trasformata in uno showroom suggestivo ed emozionante, dedicato all'esposizione e all'accoglienza. Spazio di libertà espressiva, dove interpretare ogni volta le collezioni e i prodotti, tra allestimenti, installazioni artistiche, di design, di architettura e di tecnologia. Per offrire un benvenuto nello stile Bonaldo e partecipare ai cambiamenti di costume, lifestyle e necessità dell'habitat.

A deep passage between a plate glass side wall and another which is solid, that surrounds and defines the space of the patio. The Bonaldo showroom, which spans over 6,000 m2, demonstrates an architectural and creative restyling process of the corporate history, a profound connection between memorable past places and future prospects. The former production plant has been transformed into a charming and mesmerising showroom, dedicated to displaying products and welcoming customers. It is a space for freedom of expression, to allow each time a specific interpretation of the collections and products, in amongst various attractions and artistic, design, architectural and technological installations. To offer a Bonaldo-style welcome and allow visitors the chance to join in with changing habits, lifestyles and living space requirements.
