Il cristallo velvet antigraffio è caratterizzato dalla finitura opaca che lo rende caldo e piacevole al tatto generando un effetto seta, vellutato e morbido.  
Il cristallo viene sottoposto ad uno speciale trattamento chimico fisico adoperato grazie ad una tecnologia di ultima generazione denominata 'corrosione dinamica' che rende più difficoltosa la formazione di possibili graffi solitamente più evidenti sulle superfici lisce.

Anti scratch velvet glass is characterized from a matt finish that makes it warm and pleasant to touch, creating a "silk effect", soft and smooth.

The scratch-resistant glass surface is treated with a specific chemical treatment thanks to an ultimate technology called "dynamic corrosion" that allow smoothing of micro ridges generated by common etching. The smoothing of the ridges deters the appearance of scratches.

#### **MORBIDEZZA AL TATTO - WARM AND PLEASANT TO TOUCH**

#### **ELEVATA RIPARABILITÀ DEI GRAFFI - SCRATCHES HIGH REPARABILITY**

#### **METODO DI PULIZIA**

Per la pulizia di questi piani si consiglia di intervenire con un panno morbido e schiuma attiva per vetri e cristalli.

Non spruzzare direttamente il prodotto sul piano ma sul panno.

Non usare prodotti oleosi, grassi e diluenti.

Nel caso in cui vengano versati sul piano liquidi particolarmente aggressivi o macchianti quali ad esempio: vino, coca-cola, succhi di frutta, aceto, limone etc... rimuovere immediatamente il liquido con un panno morbido e schiuma attiva per vetri e cristalli come precedentemente indicato.

L'azienda produttrice non sarà responsabile per danneggiamenti derivanti dall'utilizzo non corretto del prodotto o dalla pulizia effettuata con agenti smacchianti diversi da quelli indicati con le specifiche modalità.

#### **CLEANING INSTRUCTIONS**

For daily cleaning, use a soft cloth dampened with an approved product for glass cleaning.

Do not spray the product directly on the glass top. Instead, spray the cloth and gently wipe the glass.

Do not use oily, greasy or thinner products.

In the event of an accidental spill of liquids such as wine, carbonated beverages, juices, vinegar, lemon and so on, clean the spill with the soft cloth dampened with the approved glass cleaner.

For a larger spill, absorb some of the liquid with a quality paper towel, then proceed with cleaning with the soft cloth.

Company will not be responsible for damages due to improper cleaning procedures.
