CAMBIARE PER VINCERE

”Che dire, una bella forza. Una di quelle forze di mercato che hanno qualcosa di miracoloso, che nascono e prosperano grazie a intuizioni vincenti. È vero che la cultura del lavoro è fondamentale, ed è vero che una buona tradizione porta anche buoni frutti. Ma è anche vero che non ci si deve mai sedere sugli allori e che bisogna sapersi adattare al mercato, nascere e rinascere continuamente, guardando al passato, certo, alle proprie origini, ma scrutando anche, bene e profondamente, il futuro. Per cercare di capirlo e se possibile di prevederlo. Perché è proprio nella nebulosa oscura del futuro che vive il successo o l’insuccesso delle scelte che ogni giorno si fanno.”

Tratto dal libro “Cambiare per Vincere” di Alberto Garlini che racconta Calligaris

CHANGE TO WIN

”What can you say? An extraordinary force. One of those extraordinary market forces with a miraculous edge to them, which stem from and bloom thanks to winning intuitions. It is true that the culture of labour is fundamental and that good tradition yields good harvest. What’s also true is that one can never rest on his laurels. What is necessary is the ability to adapt to the market, to reinvent oneself, to look back at the past, keeping one’s roots well in mind but still staring straight and attentively into the future in order to understand it and, eventually, to anticipate it. It is the obscure fog of the future that determines the success or failure of the choices which are made everyday.”

Excerpt taken from “Change to Win”: the story of Calligaris. By Alberto Garlini

VERÄNDERN UM ZU GEWINNEN

”Eine beeindruckende Stärke! Eine dieser Marktstärken, die etwas Außerordentliches haben und welche dank erfolgreicher Intuitionen wachsen und gedeihen. Das Vorhandensein einer Kultur der Arbeit ist sicherlich grundlegend, ebenso ist es wahr, dass gute Ergebnisse Frucht einer guten Tradition sind. Andererseits soll man sich aber nicht auf den Lorbeeren ausruhen; man muss fähig sein, sich den Marktanforderungen anzupassen: entstehen und immer wieder neu entstehen, auf die Vergangenheit und Ursprünge zurückblickend, aber gleichzeitig die Zukunft eingehend erforschend, um zu versuchen, diese zu verstehen und, wenn möglich vorherzusehen. Denn gerade dort in der Ungewissheit der Zukunft kommen Erfolg oder Misserfolg der Entscheidungen, welche jeden Tag getroffen werden, zum Tragen.”

Aus dem Buch “ Verändern um zu gewinnen“ von Alberto Garlini, welcher über Calligaris spricht

CHANGER POUR GAGNER

”Que dire une belle force. Une de ces forces de marché qui ont quelque chose de miraculeux, qui naissent et prospèrent grâce à des intuitions gagnantes. Il est vrai que la culture du travail est fondamentale et qu’une bonne tradition porte de bons fruits. Mais il est vrai aussi qu’il ne faut jamais s’endormir sur ses lauriers et qu’il faut savoir s’adapter au marché, naître et renaître en permanence en regardant le passé depuis nos origines mais en scrutant aussi bien, et en profondeur l’avenir, pour essayer de le comprendre, et si possible de le prévoir. Parce qu’il est dans la nébuleuse obscure du futur, que vive le succès ou l’insuccès des choix que nous faisons tous les jours.”

Extrait du livre “Changer pour Gagner” de Alberto Garlini qui raconte Calligaris

CAMBIAR PARA VENCER

”Que decir, una bella fuerza. Una de esas fuerzas de mercado que tienen algo de milagroso, que nacen y prosperan gracias a intuiciones ganadoras. Es verdad que la cultura del trabajo es fundamental, y es verdad que una buena tradición lleva buenos provechos tambien.pero tambien es verdad que nunca hay que dormirse en los laureles y que hay que poderse adaptar al mercado, nacer y renacer en continuación, mirando al pasado, cierto, a las propias orígenes, además escudriñando, bien y en profundidad, el futuro. Para tratar de entenderlo y si posible de preverlo. Porque’ es justo en la nebulosa oscura del futuro que vive el éxito o el fracaso de las elecciones que se hacen cada día.”

Deducido del libro “Cambiar para Vencer” de Alberto Garlini que cuenta de Calligaris

МЕНЯТЬСЯ ЧТОБЫ ПОБЕЖДАТЬ

”Ничего не скажешь, это сила! Одна из таких сил рынка, в которых есть что-то чудесное, которые рождаются и преуспевают, благодаря выигрышным идеям и наитию. Это правда, что культура труда – это первостепенно, это правда, что хорошие традиции приносят хорошие результаты. Но истинно также и то, что нельзя почить на лаврах, необходимо уметь приспосабливаться к условиям рынка, постоянно рождаться и перерождаться, глядя в прошлое, в источники своего происхождения, но и хорошо всматриваясь в будущее. Для того, чтобы его понять и, если можно, предвидеть. Потому что именно в этой неясной туманности будущего и живёт успех и неуспех выбора и решений, которые принимаются нами каждый день.”

Цитата из книги «Меняться чтобы побеждать», автор Альберто Гарлини, который рассказывает о Calligaris

勝利への変革

あなたは何を言うことができますか ? 並はずれた力。

それらの一つは奇跡的と言える直観で成功を導きだす市場への力です。

働く文化は基本的なものであり、良い伝統は実りある結果をもたらす、これは真実です。

さらに重要な真実は、彼が現在の地位に安住し休むことが許されないことです。

彼に必要なことは市場に対して適応する能力であり、それに自分のルーツをよく理解し今までに行ったことを振り返り、これから何が起るかを注意深く見つめることです。

それは毎日繰り返される選択の成否を決める不鮮明な霧のようです。

アルベルト ガルリーニ著 “勝利への変革”カリガリスの神話より
