Giravolta

The wireless outdoor lighting

DESIGN

Alberto Basaglia - Natalia Rota Nodari, 2017

EN — Inspired by Lanterns of times past, it is a wireless lighting distinguished by a contemporary design and suitable for outdoor environments. The name reflects its essence: the swivelling diffuser and the rechargeable feature recalls the great inventor Alessandro Volta and his main discovery, the battery.

IT — Ispirata alle lanterne di un tempo, Giravolta è una lampada wireless ricaricabile dal design contemporaneo, adatta per l'outdoor. Nel nome tutta la sua essenza: da un lato il suo diffusore orientabile, dall'altro il suo essere ricaricabile da cui il riferimento ad Alessandro Volta e alla sua principale invenzione, la pila.

Colette

Iconic light

DESIGN

Alberto Basaglia - Natalia Rota Nodari, 2013

EN — Colette is a table or bedside lamp in polycarbonate that stands out for its sculptural shapes and the colour. A translucent cylinder diffuses the light only in correspondence of the half-sphere. Its transparency gives lightness to the whole lamp.

IT — Colette è una lampada da tavolo o da comodino in policarbonato che si esprime attraverso la plasticità delle forme e il colore. Un cilindro traslucido tenta di imprigionare la luce che si libera pienamente solo in corrispondenza della semisfera che con la sua trasparenza dona leggerezza all'intera lampada.

EN — Distinguished by soft and sinuous shapes, the L002 collection is the result of combining two moulded polycarbonate shells. The inner shell diffuses the light and hides the bulb, while the outer diffuser comes in different colours.

IT — Caratterizzata da forme morbide e sinuose, la collezione L002 nasce dall'unione di due gusci in policarbonato stampato. Il guscio interno diffonde la luce nascondendo la lampadina; quello esterno può essere in diversi colori.

Frida

Simple sculptural beauty

DESIGN
Odo Fioravanti, 2008

EN — Frida, winner of the XXII Compasso d'Oro ADI “for its simple sculptural beauty”, is a seating that combines beauty, innovative technologies and love for details. Its innovative character takes shape in the use of solid oak combined with three-dimensional plywood, to obtain a chair extraordinarily lightweight, equally ergonomic and resistant.

IT — Frida, vincitrice del XXII Compasso d'Oro ADI “per la semplice bellezza scultorea”, è una seduta capace di coniugare bellezza, tecnologie d'avanguardia e amore per i dettagli. Il suo carattere innovativo si riconosce nell'utilizzo del massello di rovere abbinato al multistrato tridimensionale, per dare forma ad una sedia estremamente leggera, ergonomica e resistente.

EN — Serif stool and table stand for a three-dimensional harmony inspired by the architectural elements of column, and by specific “graces” of the fonts.

Nolita

Vintage chic

DESIGN
Mandelli Pagliarulo, 2015

EN — Nolita is a family of outdoor seatings which recalls the origins of a historic course, started by Mario Pedrali in 1963 with his first metal garden chairs. The collection seems to arise from the memories of a sunny and lively square, a timeless place, giving birth to simple and iconic shapes.

IT — Nolita è una famiglia di sedute da esterni che rievoca le origini di un percorso storico, iniziato da Mario Pedrali nel 1963 con le sue prime sedie da giardino in metallo. La collezione sembra scaturire da ricordi in trasparenza, un'atmosfera senza tempo da piazza assolata e vivace, per un risultato di solida durevolezza in forme semplici ed iconiche.

Malmö

Nordic essence

DESIGN

Cazzaniga Mandelli Pagliarulo, 2012

EN — Malmö chairs are designed to fit in convivial spaces and they evoke warmth sensations thanks to the touch of ash wood, the tapered look and the appeal of tradition. Malmö collection consists of a plywood shell in ash wood that appears suspended, nearly floating, on a solid wood frame. The design elements appear in their purity, thicker in the joints and tapered in a natural way to offer lightness and elegance.

IT — Le sedute Malmö, pensate per essere usate in luoghi di convivialità, esprimono un tepore domestico grazie al piacere tattile del frassino, l'espressività delle forme tornite, l'affinità con un immaginario tradizionale. La collezione Malmö è costituita da una scocca in multistrato di frassino che appare sospesa, quasi fluttuante, su un telaio in legno massello. Gli elementi strutturali appaiono nella loro pura costruzione, aumentando di spessore presso le connessioni ed affusolandosi in modo naturale a favorire leggerezza ed eleganza.

Sinuosa eleganza

DESIGN
Pedrali R&D, 2014

EN — Inga name pays tribute to the Northern European female elegance. The plywood shell in oak veneered has sinuous shapes. The Soft version outlines gentle and essential lines thanks to the padded shell and armrests.

IT — Inga deve il suo nome all'eleganza femminile nord-Europea.

La scocca, realizzata in multistrato da tranciato di rovere, ha una forma morbida e sinuosa. La versione Soft presenta scocca e braccioli imbottiti, sottolineandone ulteriormente le linee dolci ed essenziali.

Nemea

Athletic agility

DESIGN
Cazzaniga Mandelli Pagliarulo, 2015

EN — Nemea collection design recalls a classic gracefulness molded by time and history. The chair, with its slender legs in solid ash wood inserted into die-cast aluminum frame, it truly appears jumping forward as an athletic step full of energy and grace.

IT — Nemea è una collezione di sedute la cui forma richiama una leggiadria classica plasmata dal tempo e dalla storia. La sedia, con le sinuose gambe in massello di frassino innestate al telaio in pressofusione di alluminio, appare infatti protesa in uno scatto atletico ricco di energia e grazia.

Kuadra

Less is more

DESIGN
Pedrali R&D, 2001

EN — A very simple shell becomes an icon: from the plywood type in oak veneered with horizontal veins, up to technopolymer and methacrylate materials, to end up with the upholstery version. An innovative backrest that offers comfort, the curved lumbar profile allows an ergonomic rest. Kuadra is multitasking by definition, available with tubular frame in square section laser-cut, refined and innovative, or in the traditional versions in tubular frame or sled base in steel rod.

IT — Una scocca semplice diventata iconica: dalla versione in multistrato impiallacciato in precomposto di rovere con venatura orizzontale, fino a quelle in tecnopolimero, metacrilato e imbottito. Uno schienale innovativo: dal profilo lombare curvato, che permette un appoggio ergonomico, e alto e confortevole. Multitasking per antonomasia, Kuadra è disponibile con struttura in tubo quadrato tagliato al laser, curata e innovativa, oppure nelle versioni più tradizionali in tubo e a slitta in tondino d'acciaio.

DESIGN

Mandelli Pagliarulo, 2018

EN — Tribeca takes us back in time with a modern reinterpretation of classic Sixties patio chairs made from steel and woven cord. A true icon, revisited with new materials: a solid tubular frame, combined with the elasticity of a profile in vertically-woven plastic material.

IT — Tribeca nasce dagli echi confortanti della memoria, una reinterpretazione in chiave moderna delle classiche sedute da terrazza anni Sessanta realizzate in acciaio con intreccio. Remind

Between mind & heart

DESIGN
Eugeni Quitllet, 2018

EN — While evoking the soft sinuous curves of wooden chairs from the late nineteenth century, Remind's organic silhouette recalls something never seen before, a universal shape able to fit into any space and style of decor. The result is an innovative polypropylene armchair, in which each element is conceived to ensure total comfort and cosiness.

IT — Remind riprende la memoria delle curve morbide e sinuose delle sedie in legno della seconda metà del XIX Secolo. La sua essenza si esprime attraverso una silhouette dalle forme organiche capace di "ricordare qualcosa mai visto prima", una forma universale in grado di adattarsi a qualsiasi spazio e stile. Una poltroncina innovativa in polipropilene in cui ogni elemento è pensato per conferire comfort e avvolgenza.

Joker

Comfortly futuristic

DESIGN
Roberto Semprini, 2008

EN — Joker is a charming piece of furniture with a soft seat suspended in the air nearly to hold the body. Joker is a lounge chair with a wide and soft seat that offers great comfort, its lateral profile develops into cozy armrests. An evolution of the cantilever chairs traditionally made with a satin stainless steel frame.

IT — Un oggetto carismatico con una soffice seduta sospesa nel vuoto quasi a cullare il corpo. Joker è una poltroncina lounge dalla seduta generosa e confortevole, caratterizzata da un profilo i cui lati diventano un accogliente bracciolo. Evoluzione delle sedie cantilever dal telaio in acciaio inox satinato, Joker presenta una morbida scocca imbottita.

Mies

More is more

DESIGN
Roberto Semprini, 2008

EN — An armchair born to satisfy the concept “more is more” as research of the best technology and aesthetic, in a provocative contrast to the minimalist philosophy “less is more” by Mies Van De Rohe. The concept is a stylized design that confers lightness suspending the soft seat from the floor yet connected by a stainless steel structure in brushed finish..

IT — Una poltrona nata per rispondere al concetto “more is more”, inteso come ricerca della miglior tecnologia ed estetica, in contrasto provocatorio con la filosofia minimalista “less is more” di Mies Van De Rohe. L’idea è quella di sospendere la morbida seduta rivestita in pelle dal pavimento, cui è collegata da una struttura in metallo satinato dal disegno stilizzato.

EN — Arki-Table is a linear and rigorous table from a structural point of view, but at the same time versatile and designed for different uses. It is characterized by an ultra-thin top supported by an extruded aluminium frame, which remains hidden. The trestle legs in steel or solid oak ensure stability and grip on the ground.

IT — Il tavolo Arki-Table è lineare e rigoroso dal punto di vista strutturale, ma al contempo versatile e pensato per situazioni d'uso differenti. È caratterizzato da un ripiano ultra-sottile sostenuto da una cornice in estruso di alluminio, che rimane nascosta. DESIGN
CMP Design, 2012

EN — Malmö tables evoke domestic warmth sensations thanks to the touch of ash wood, their peculiar shapes and the appeal to tradition imagery. Designed to fit in convivial spaces, these tables have tops in veneered ash wood, HPL solid laminate or lacquered MDF, combined with tapered solid ash wood legs.

IT — I tavoli Malmö sono in grado di esprimere una sensazione di tepore domestico grazie al piacere tattile del frassino, all'espressività delle forme e all'affinità con un immaginario tradizionale. Pensati per essere collocati in luoghi conviviali, presentano un ripiano realizzato in frassino impiallacciato, stratificato o MDF laccato, e gambe in massello di frassino tornite.

DESIGN

Daniele Lo Scalzo Moscheri, 2007

EN — Surface extendible table comes from the desire to find a perfect connection between the architectural and the design sphere. The tapered section of terminals and legs gives formal lightness. The aluminium guides allow an easy extraction of the two extensions.

IT — Il tavolo allungabile Surface nasce dall'idea di trovare una ideale connessione tra la sfera architettonica e quella del design. La sezione rastremata di terminali e gambe dona leggerezza formale. Le guide in alluminio permettono una facile estrazione delle due allunghe.

Fluxo

Stability roots

DESIGN
Luca Casini, 2018

EN — Fluxo uses primary geometric shapes, starting from the section of its stem-like base, to generate a form with clean and minimalist lines. Made in die-cast aluminium, Fluxo has a stable structure and a distinctive personality, with a subtle and elegant design.

IT — Fluxo sviluppa geometrie primarie partendo dalla sezione dello stelo per generare una forma essenziale e minimalista, ma riconoscibile. Realizzato in pressofusione di alluminio, Fluxo ha una struttura resistente e una connotazione decisa, conservandone il tratto discreto ed elegante.

Elliot

Just like a dancer

DESIGN
Patrick Jouin, 2018

EN — With its elegant silhouette and minimal design, Elliot table has a strong identity that combines soft lines with sinuous natural forms. The three-lobed column in extruded aluminium narrows down and splits open to form three feet in die-cast aluminium, which elegantly sit on the floor.

IT — Un tavolo dalla silhouette elegante e dalle forme delicate e slanciate. Elliot ha una forte identità, unendo la morbidezza delle linee alla fluidità delle forme. La colonna in estruso di alluminio di forma trilobata si separa, assottigliandosi, in tre piedini in pressofusione di alluminio che appoggiano delicatamente a terra.

Lunar

Lightness architecture

DESIGN

Pio e Tito Toso, 2016

EN — Lunar table speaks the language of lightness and transparency, allowing the architecture of the surrounding environment to emerge. The base is the result of the union of four steel rod trapeziums and it can be combined with tops in different sizes and finishes.

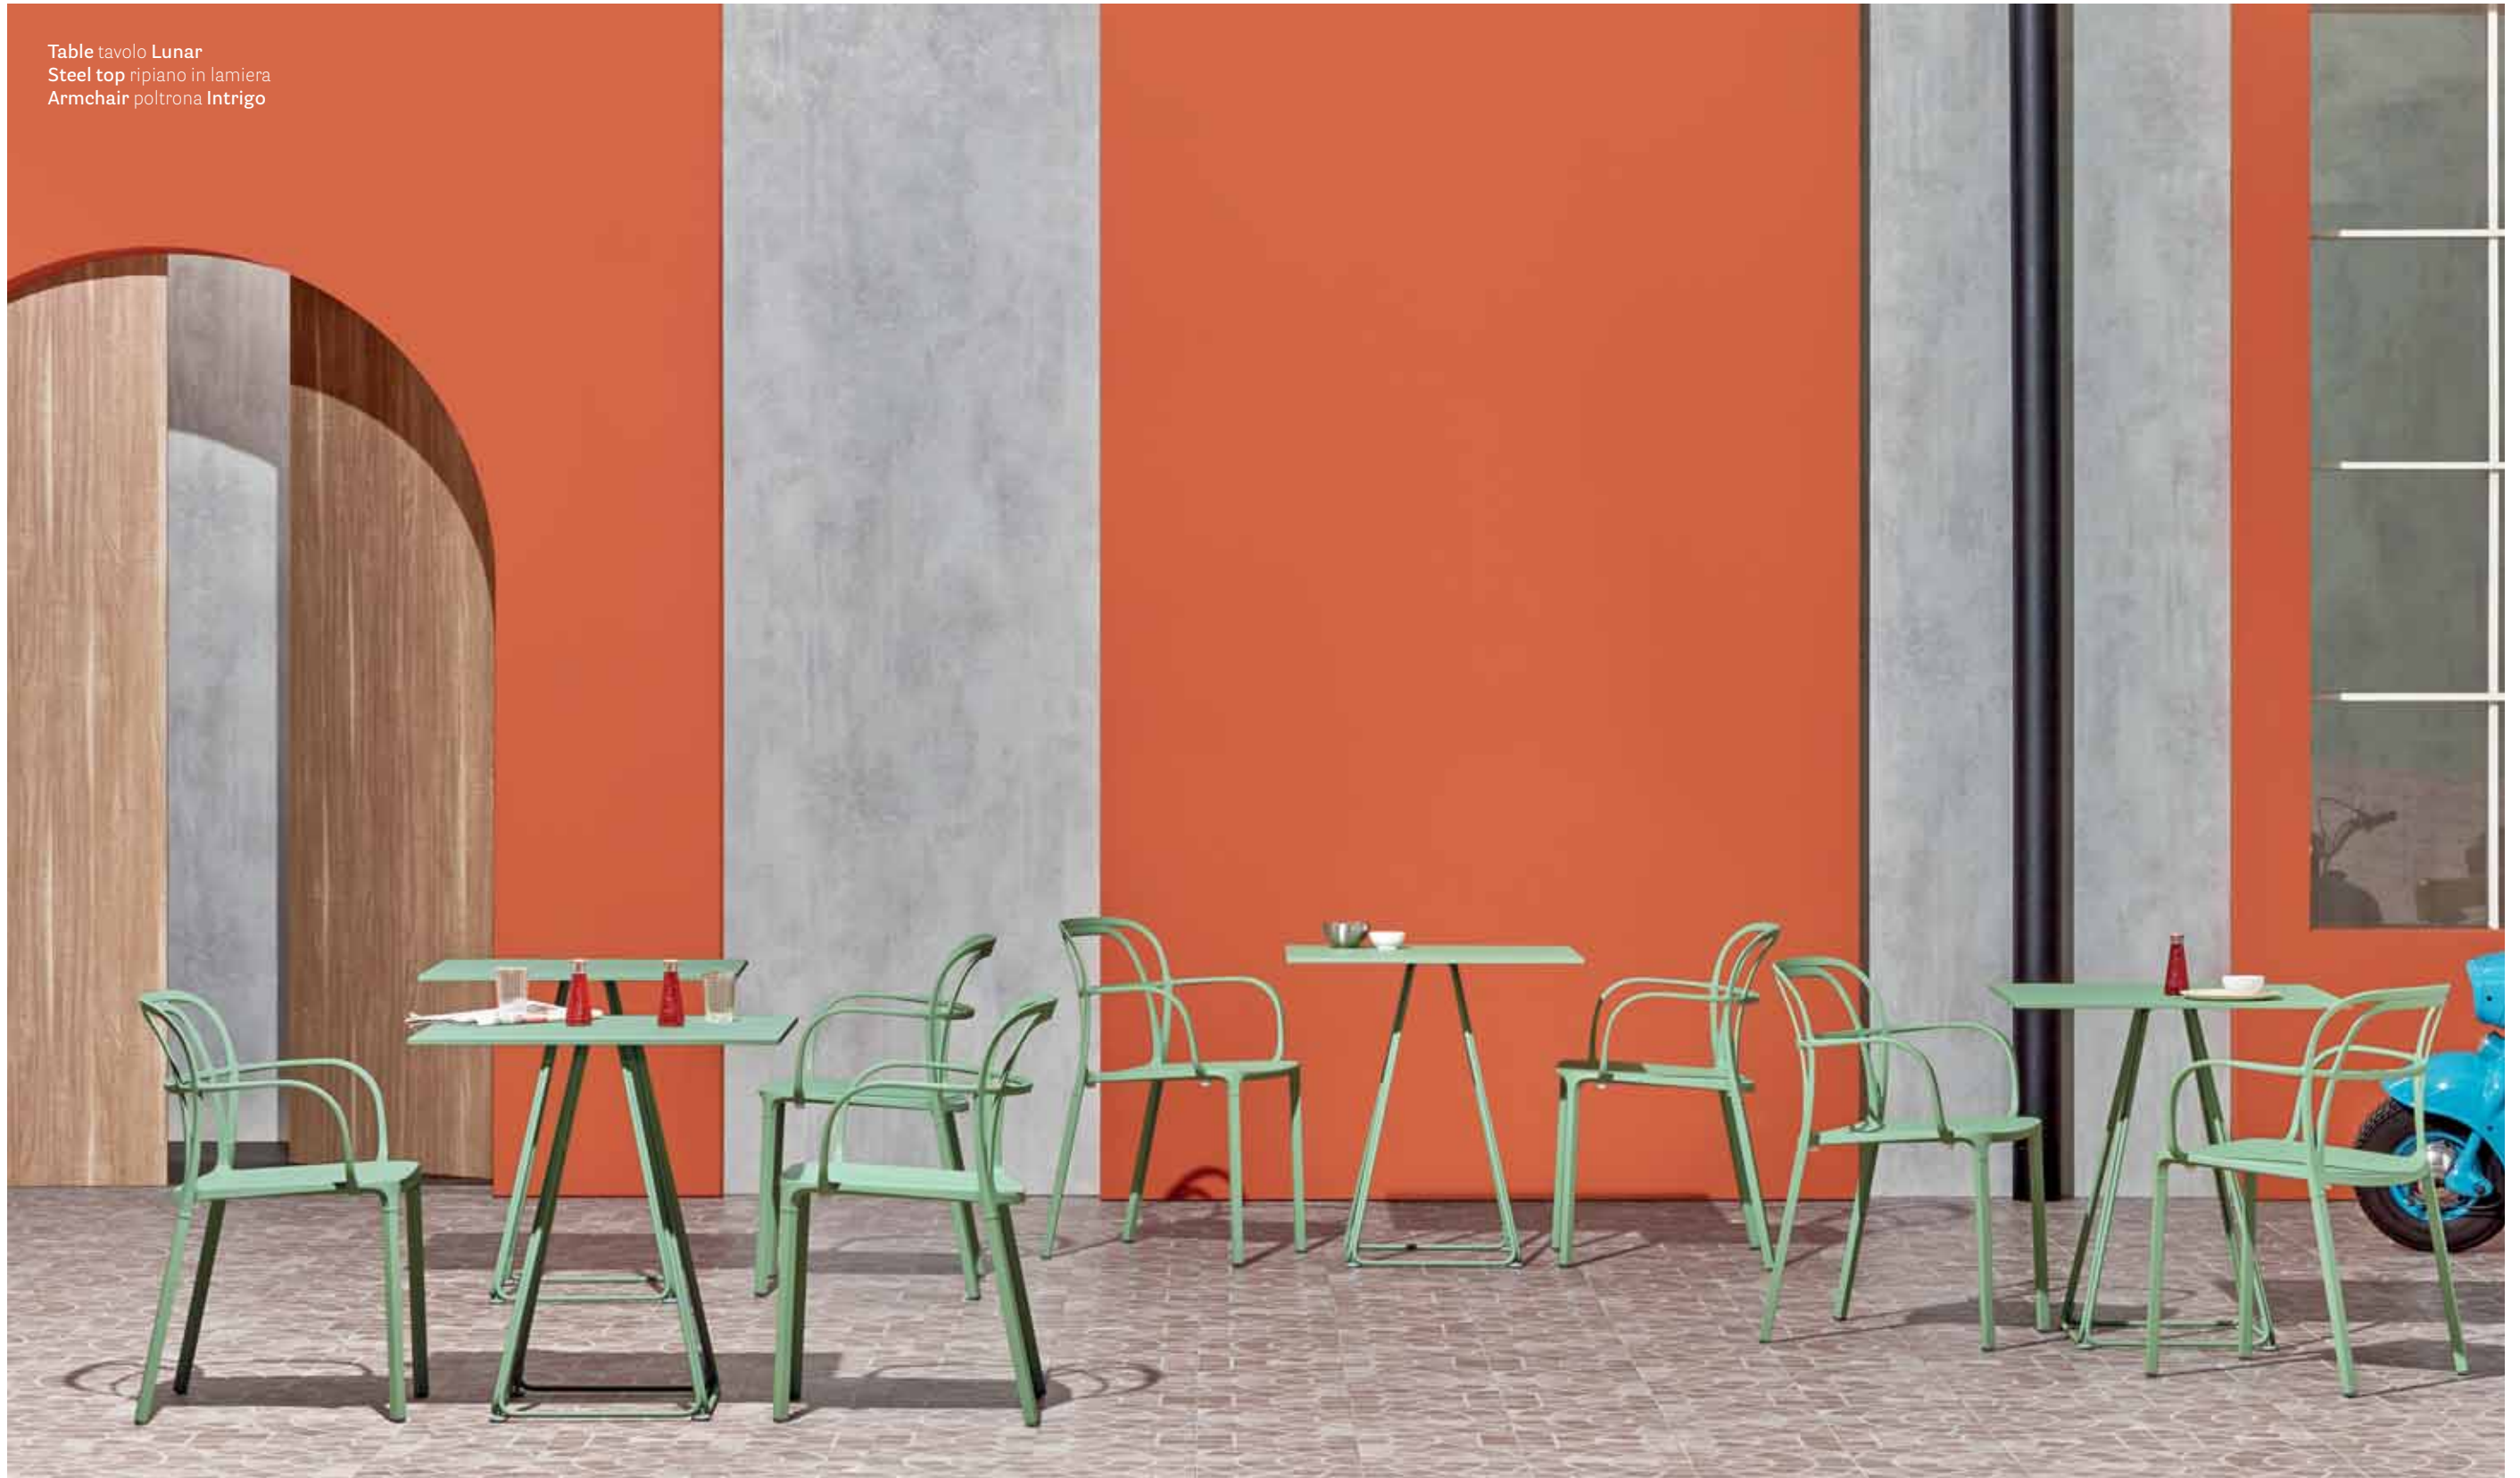

IT — Il tavolo Lunar parla il linguaggio della leggerezza, lasciando spazio al vuoto, all'architettura, all'ambiente nel quale si inserisce. Il basamento nasce dall'unione di quattro trapezi realizzati in tondino d'acciaio e può essere abbinato a ripiani di differenti dimensioni e finiture.

Concrete

Natural stability

DESIGN
Pio e Tito Toso, 2015

EN — The base of a table must have a significant weight to guarantee stability and durability. The result of this simple reasoning is Concrete, an outdoor table with a concrete base that uses the main features of the material in a natural and intelligent way.

IT — La base di un tavolo deve avere un certo peso per garantire stabilità e durabilità. Da questo semplice ragionamento nasce Concrete, un tavolo da esterno con base in cemento che utilizza le caratteristiche proprie del materiale in modo naturale e intelligente.
