# Toa

## Strength and lightness

DESIGN  
Robin Rizzini, 2020

**EN** — Lightweight and minimalist, the Toa table is characterised by a solid die-cast aluminium frame in a fluid geometric design connected by two steel beams suitable to support large sizes tops. Toa's main features are its tapered bridge legs made of die-cast aluminium, which are thinner at the base and widen up towards the "T" element that supports the top.

**IT** — Leggero ed essenziale alla vista, il tavolo Toa è caratterizzato da una robusta struttura in pressofusione di alluminio dalla forma geometrica e fluida supportata da due barre in acciaio capaci di sostenere anche ripiani di grandi dimensioni. Elemento caratterizzante di Toa sono le gambe a ponte dalla forma affusolata realizzate in pressofusione di alluminio che, più sottili alla base, si allargano verso l'alto confluendo sotto al ripiano in un elemento a "T".

# Boxie

## Storage in motion

DESIGN

Claudio Dondoli - Marco Pocci, 2018

**EN** — With its minimal, essential lines, Boxie is remarkable for its lightness, ensured by a steel structure containing drawers, alternated with tops, both made out of polypropylene. Designed to be configured differently according to the selected combination of its elements, the rounded corners and the visible frame are strong points that can be appreciated from any side of Boxie.

**IT** — Boxie è un sistema contenitore dai tratti essenziali e minimali che si contraddistingue per la sua leggerezza garantita da una struttura in acciaio all'interno della quale vengono collocati cassetti alternati a piani, entrambi realizzati in polipropilene. Pensata per assumere conformazioni diverse in base alla combinazione dei suoi elementi, la rotondità degli angoli e la struttura a vista sono punti di forza apprezzabili da ogni lato di Boxie.

# Babila XL

## Reloaded memory

DESIGN  
Odo Fioravanti, 2020

EN — The Babila XL armchair with a polypropylene shell stands out for the large dimension of its seat and armrests. The aim is to offer greater seating comfort, also through the padded lining recalling a woman's dress. Babila XL "recycled grey" version is one of the first products made from recycled polypropylene: 50% from post-consumer waste and 50% from industrial waste.

IT — Babila XL è una poltrona con la scocca stampata in polipropilene che si connota per le dimensioni ampie della seduta e del bracciolo. L'obiettivo è quello di offrire un comfort generoso di seduta, grazie anche al rivestimento imbottito, quasi a ricordare un abito femminile. La versione Babila XL "recycled grey" rappresenta uno dei primi prodotti realizzati in polipropilene riciclato: 50% da scarto post consumo e 50% da scarto industriale.

## Sinuuous shell

DESIGN

Claudio Dondoli - Marco Pocci, 2002

EN— Gliss is an armchair with a cozy and ergonomic shape which takes its inspiration from iconic chairs of the Fifties, featuring by the distinctive element of the hole in the shell. The collection stands out for comfort and functionality, thanks to its sinuous armrests that embrace the body, as well allow a handy grip.

IT— Gliss è una poltrona dalla forma avvolgente ed ergonomica che si ispira alle sedute iconiche degli anni Cinquanta e si connota per l'elemento distintivo del foro sulla scocca. La collezione è confortevole e funzionale grazie alla forma sinuosa dei braccioli che cingono chi vi si siede in un abbraccio, oltre ad ottimizzarne la presa per la movimentazione.

## Flower silhouette

DESIGN  
Sebastian Herkner, 2020

EN — The Blume collection draws inspiration from the concepts of elegance and sophistication. Featured by a soft and rounded shape, chair, lounge chair and a set of coffee tables owe their distinctive appearance to their sophisticated flower-shaped profile in anodised extruded aluminium. An extremely comfortable collection, in which the slender frame and the soft polyurethane foam are combined.

IT — La collezione Blume trae ispirazione da un'idea di eleganza e raffinatezza. Una sedia, una lounge e un set di tavolini caratterizzati da forme morbide e arrotondate, la cui forza distintiva emerge dal sofisticato profilo in estruso di alluminio anodizzato con una silhouette a forma di fiore. Il telaio prezioso e sottile e la soffice imbottitura in schiumato poliuretano si uniscono rendendo questa collezione assai confortevole.

# Malmö

## Nordic essence

DESIGN

CMP Design, 2012

EN — Malmö chairs are designed to fit in convivial spaces and they evoke warmth sensations thanks to the touch of ash wood, the tapered look and the appeal of tradition. Malmö collection consists of a plywood shell in ash wood that appears suspended, nearly floating, on a solid wood frame. The design elements appear in their purity, thicker in the joints and tapered in a natural way to offer lightness and elegance.

IT — Le sedute Malmö, pensate per essere usate in luoghi di convivialità, esprimono un tepore domestico grazie al piacere tattile del frassino, l'espressività delle forme tornite, l'affinità con un immaginario tradizionale. La collezione Malmö è costituita da una scocca in multistrato di frassino che appare sospesa, quasi fluttuante, su un telaio in legno massello. Gli elementi strutturali appaiono nella loro pura costruzione, aumentando di spessore presso le connessioni ed affusolandosi in modo naturale a favorire leggerezza ed eleganza.

## Iconic light

DESIGN

Alberto Basaglia - Natalia Rota Nodari, 2013

EN — Colette is a table or bedside lamp in polycarbonate that stands out for its sculptural shapes and the colour. A translucent cylinder diffuses the light only in correspondence of the half-sphere. Its transparency gives lightness to the whole lamp.

IT — Colette è una lampada da tavolo o da comodino in policarbonato che si esprime attraverso la plasticità delle forme e il colore. Un cilindro traslucido tenta di imprigionare la luce che si libera pienamente solo in corrispondenza della semisfera che con la sua trasparenza dona leggerezza all'intera lampada.

## The wireless outdoor lighting

DESIGN

Alberto Basaglia - Natalia Rota Nodari, 2017

EN — Inspired by Lanterns of times past, it is a wireless lighting distinguished by a contemporary design and suitable for outdoor environments. The name reflects its essence: the swivelling diffuser and the rechargeable feature recalls the great inventor Alessandro Volta and his main discovery, the battery.

IT — Ispirata alle lanterne di un tempo, Giravolta è una lampada wireless ricaricabile dal design contemporaneo, adatta per l'outdoor. Nel nome tutta la sua essenza: da un lato il suo diffusore orientabile, dall'altro il suo essere ricaricabile da cui il riferimento ad Alessandro Volta e alla sua principale invenzione, la pila.
